

UCLA STUDY ABROAD

(MEDICINE 180) Global Perspectives of Integrative Medicine:
East-West Medicine and Public Health in Shanghai

Summer 2017

Session B: July 31 – August 25, 2017 (4 weeks)
8 units UCLA Credits, open to UCLA and non-UCLA students

Shanghai offers a unique blend of iconic landmarks, national heritages and modern vibes within an international hub

- Experience and learn about **traditional Chinese medicine** treatments such as **acupuncture, moxibustion, cupping and self-care**
- Explore the **Chinese healthcare system** by visiting rural community health centers and large urban **hospitals**
- Discover **Chinese herbal medicine** preparation through guided fieldwork in **herbal gardens** and herbal pharmacies
- Immerse yourself in **Chinese culture** through local **foodie adventures, high-speed train** excursions, historical **French architecture** and **Tai-Chi** practice

Application Deadline: February 22, 2017
